Mr. Mel Brodsky, committee chair, called the meeting to order at 4:30 p.m.

Mr. Brodsky opened the meeting by speaking to a post on the local Patch site which had listed information specific to Colonial School District teachers average experience and salary. He then handed out a fact sheet which referenced data provided by Human Resources specific to the 2017-2018 contract year in case any other board members were approached about the Patch posting, as he had been. He believes the data from the post was from a previous contract year and felt it was critical to review and share the current information.

The first item on the public agenda was the continuing review of student enrollment and staffing. The matter of adding classes and transferring staff was discussed. Administration will continue to review enrollment through the summer months and make adjustments accordingly. At this time we only have one (1) teaching position still open but are in the final stages regarding filling the position. Discussion also evolved specific to the Pennsylvania Department of Education (PDE) stipulation regarding holding a teacher for sixty (60) calendar days upon resignation if they are going to another District in PA.

At 4:42 p.m. Mr. Mel Brodsky, committee chair, announced that the committee would go into executive session. Members discussed the high school athletic director responsibilities during the interim period, professional and administrative employment items, and an administrative resignation. The executive session lasted forty-eight (48) minutes.

The meeting was adjourned at 5:30 p.m.

Respectfully submitted,

Dr. Leticia M. Rodríguez
Director of Human Resources
