

Dear Ridge Park Families,

This year we will be participating in the Crayola Colorcycle program at Ridge Park. This is a fantastic program that lets our students have a way to give back to our community and take care of our environment! Instead of used plastic markers going into landfills, Colorcycle will collect and recycle hundreds of tons of markers each year!

This program will accept **ALL** plastic markers- not just Crayola brands! Once they are dried up and used, they can be collected in our bins to be shipped away and recycled.

All families are invited to participate in this program at home as well! If you have any of the above items and would like to save them to bring to school and recycle, please send them in with your child at any time. If you would like to know more about this program, please visit:
