Meetings with administrators and a concerned parent have taken place and as a result, beginning in the 2010-11 school year, adjustments to the schedule will be made to ensure that students in all grades will alternate health and physical education each day throughout two marking periods. The potential for implementing an Intramural Program at CMS was also discussed.
- **Active Schools Grant** - Sergio Anaya, Curriculum Supervisor of Health and Physical Education, noted that an "Active Schools Grant" from the Pennsylvania Department of Health's Federal Preventative Health and Health Services is currently being reviewed. Sergio Anaya, World Language Supervisor, reported that, as part of an initiative to enhance the World Language Program in CSD, a team from the district will attend the American Council on the Teaching of Foreign Languages conference in Boston in

November, 2010. Over the course of the next year a strategic plan will be developed and presented to the Curriculum Committee.
